

*My students loved making the PowerPoint presentations. They are already asking when they can use it again for a class project. Thanks for the encouragement to use that format!  
Have a great day,  
Michele*

*Our dear friends,*

*We enjoyed drawing and writing about our superman. It was a fun task and we like it so much that we are going to use it to other lessons as well.*

*Best wishes, Luminita and the third grade, Arad, Romania*
