

To Whom it may concern,

On behalf of iEARN Morocco, we would like to thank you for selecting our country to join the BRIDGE Project initiative (Building Respect through Internet Dialogue and Global Education).

We are convinced that's such project will open a new dimension of learning, promote mutual understanding and respect and build a culture of collaboration and solidarity.

Through ongoing communication, online collaborative projects and exchange of people, this project will constitute a fruitful opportunity. Indeed, our teachers and students will be able to join the global community and make a difference in the world.

Last year, iEARN Morocco has been selected to set up a regional center responsible for implementing Laws of life essay project for the Arabic speaking communities.

iEARN Morocco is very excited to take part in this initiative, our team will be ready to collaborate in any way possible to make this project successful. As a founding member of SchoolNet Africa, iEARN-Morocco is strategically well-placed to facilitate contacts in other parts of North Africa and to draw on the expertise and experience of SchoolNets in other African countries.

I'm at your disposal for more information. Please feel free to contact me.

Best Regards
